I have no worries at all. I have been well supported and if I had other children in the future I would want them to attend Silverdale School too.

PARENT/CARER FEEDBACK

I feel this school has created amazing opportunities for my son! He is doing amazing and that is with the help of both staff and students. He had settled in really well and loves going to school. He met some lovely friends who are friendly and polite. My son has said to me many times that the staff treat you as an individual not just another number like other schools which is lovely to hear. I thank you for making my son feel so welcome and for allowing him to do his best!! Well done to the school!!

PARENT/CARER FEEDBACK

I could not recommend this school anymore if I tried. The school from top to bottom is the best school setting I've ever come across and the children thrive in the setting. I would wholeheartedly say that mainstream schools should rethink the way they teach and look at Silverdale as inspiration so all kids can thrive like the pupils at Silverdale do. Amazing school and we're lucky to have our child attend there.
